

As the state representative for House District 12, I will always advocate for our transgender youth. Stand with Trans is a wonderful group who are helping to provide the resources, education, and life saving tools they rightfully deserve. Now, more than ever, we must provide all the support we can to transgendered youth. I'm proud to lend my support to Stand with Trans, and I will do everything in my power to help support their mission.

Sincerely,

Rep. Alex Garza
