Stand With Trans  
23332 Farmington Rd #84  
Farmington, MI 48336

August 9, 2022

Dear Friends,

I write to express my wholehearted support for transgender youth and the Stand with Trans Youth Organization, the only youth-focused transgender support group in the state of Michigan. This organization helps transgender youth feel heard, appreciated, and represented, and is an important organization that I am honored to support.

The Stand with Trans Youth Organization empowers transgender youth through specific programs, educational events, and support groups to help transgender youth know that they are loved, valued, and accepted. The valuable programs and support offered by the Stand with Trans Youth Organization are more crucial than ever considering the adversity that trans youth face, and I'm grateful for the services and encouragement they provide.

I am a strong advocate and supporter of trans rights and services for trans youth in particular. I believe the hard work of the Stand with Trans Youth Organization is not only impressive, but essential to support transgender youth. The community will benefit greatly from this honorable organization.

Sincerely,

A handwritten signature in cursive script that reads "Laurie Pohutsky".
