CHILDREN'S HOSPITAL**
MICHIGAN MEDICINE

Child & Adolescent Gender Services

Child & Adolescent Gender Services is a multidisciplinary clinic providing gender-affirming medical care and behavioral health consultation to youth from early childhood to age 22. The team works with youth and families at all stages in their gender journeys.

Most insurances are accepted.

To learn more, contact Pediatric Endocrinology at 734-764-5175.

To refer to Child & Adolescent Gender Services, primary care providers may refer to Pediatric Endocrinology.
